Nitride+ Welding Cart

# Heavy-Duty, Versatile Solution

## Flextur Nitride+ Welding Cart with 40 Piece Fixture Kit

A made-in-USA Mobile Nitride+ Welding Cart capable of supporting and transporting 1,750 lbs. This Welding Cart is ideal for cobots or any on-the-go welding work cell. The dual-layer protection of nitride & black oxide is a powerful combination. Both harden and prevent corrosion, extending the life of your table – while maintaining flatness and structural integrity. 14-gauge Flextur Tool Board panels, capable of supporting 50 lbs. on a single hook, provide superior flexibility and strength when organizing tools and materials within easy reach. A full bottom shelf provides ample space for a welder or cobot controller. This robust and highly mobile solution is Flextur's agile response to an industry need.
