

Flextur™

A more excellent way to work.

Flextur Provides Tools to Increase Arc Time, Reduce Downtime & Boost Weld Cell Productivity.

Keeping the materials and finished products flowing to and from your Automated Welding Cells is critical when trying to reach greater operational efficiency.

Flextur Products Featuring Gridlok Innovation

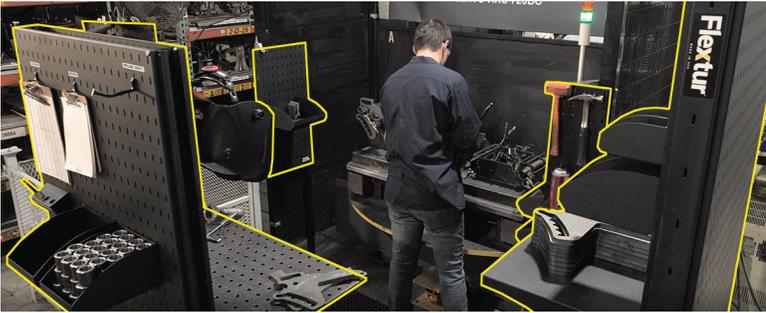

Support your Automated Welding Cells with Flextur offload tables, grinding stations, and traditional welding tables. Mobile tool board solutions are perfect for 2-Bin systems when supplying materials to your Cobot or Robotic Welding System.

RIGID Flexibility.

Small Robotic Welding Cell

Weld Table Tool Board Kit

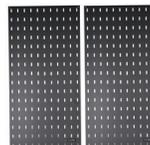

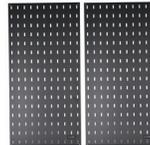

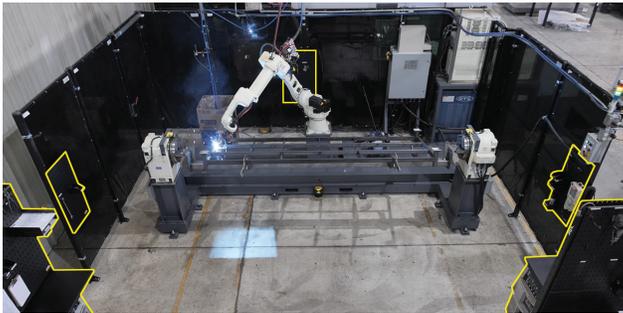

Universal Wall Mount Panels & Accessories

36"x36" Stationary Welding Table

\$3,400

Medium Robotic Welding Cell

Universal Wall Mount Panels & Accessories

Welder's Cart

4 Panel Mobile Tool Board with Accessory Kit

4' x 4' Mobile Inspection/QC Table

\$12,000

Cobot Welding Cell

Mobile Welding Table Cart & Tool Board Kit

2 Panel Mobile Welder's Cart

4 Panel Mobile Tool Board with Accessory Kit

\$9,250

Gridlok
INNOVATION

All Flextur products feature Gridlok Innovation. This patented Innovation is most evident on our Tool Board System that holds 50lbs on a single industrial hook, and with some accessories capable of even more. This robust system allows you to keep all the tools and parts you need within easy reach.
