

Our Modular Turn-Key System simplifies Fixturing, and Greatly Reduces Set Up and Change Over Times.

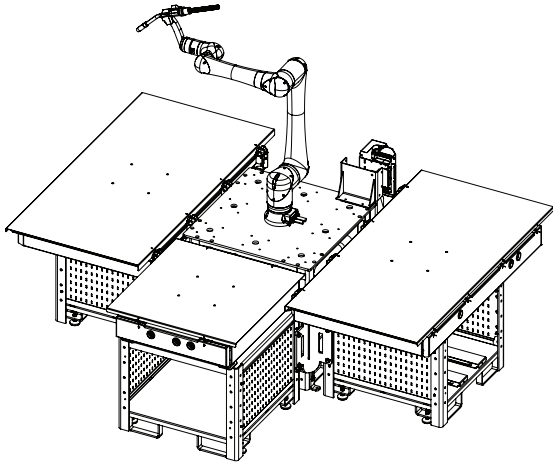

Create an extremely Accurate, Repeatable, Safe, Efficient and Highly Productive welding cell.

Integrate existing welding Cobots or *new Cobots* into Flextur's Cobot Welding System

to create an extremely accurate, efficient, safe, and highly productive welding cell. Using our patent pending Quick-Change Fixture Table and Quick-Change Fixture Plates to ensure that your parts are positioned and clamped in the exact spot every time, (+/- .015") allowing you to create highly accurate, repeatable, automated workflows.

Switch to a different part in minutes.

Release the pneumatic quick-detach welding Fixture Plate and return it to the Quick-Change Fixture Plate storage solution that fits you needs. Choose the next Quick-Change Fixture Plate and safely clamp it into position with the touch of a button. Select your new program and keep your workflow humming.

3-Sided - Quick-Change Tables

72"x36" Quick-Change Tables (2)
36"x 36" Quick-Change Table
with Docking Station

\$26,500

Rent any of our Cobot Welding Systems for a low monthly payment.

For Example Rent this Station (\$26,500) for just \$4,800
per month. Rentals can include additional Flextur products
to support your Cobot Welding Cell investment.

Rent for \$4,800

Basic Fixtures

\$1,100

Medium Fixtures

\$1,100 - \$4,000

Advanced Fixtures

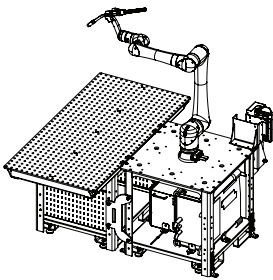

Priced by Job

Levels based on complexity
and design time. Price includes
design, fixture proofing, and
Fixture Plate. Programming
and program proofing are
also available.
